

# European Youth Debating Competition

## UK Round - 16 July 2018

A fantastic opportunity for debaters and budding scientists

We are delighted to invite you to take part in the UK round of the European Youth Debating Competition, hosted by King's College London.

Dear Secondary Schools,

We welcome debaters and scientifically-minded students to come together and have their say in the ongoing debate about the role of plastics in the future. With executives from the plastics and petrochemical industry in the room, this is a chance for your students to make their voices heard.

This will be a great opportunity for students to build their scientific knowledge and learn how to powerfully articulate complex ideas in front of an audience. It will be a super day and an impressive thing to discuss in university applications.

The Day

Entry to the competition is free of charge and travel costs are covered. Schools can enter up to 8 students, who must be 16-19 years old.

All students who enter will receive:

- A morning's debating workshop
- The chance to take part in the afternoon's competition
- Fully paid travel expenses and free lunch

Enter

The competition winners will be sent on an all-expenses paid trip to Vienna in the Autumn

To enter the competition please email Alice at [alice@noisyclassroom.com](mailto:alice@noisyclassroom.com).

Places are limited and will be allocated on a first-come first-served basis, so please get in touch **ASAP** and no later than by **5pm on Friday June 8th**.

This competition is run by Young Leaders and supported by Plastics Europe and The European Petrochemical Association. For more information on the competition, go to <http://eydc.eu>
